

**Uniwersytecki Szpital Kliniczny im. Mikulicza – Radeckiego
we Wrocławiu, ul. Borowska 213, 50-556 Wrocław**

The student who will carry out the practical training should have:

- confirmation of personal accident insurance (NNW),
- current certificate of medical examination for sanitary-epidemiological purposes and confirmation of vaccination against hepatitis B,
- protective medical clothing, apron, changeable ergonomic footwear, safety glasses,
- obligatory documentation necessary to complete the internship (programme + questionnaires),
- an ID badge made by the student on his/her own,
- protective masks (to be collected from the USK storehouse before the practical training).

At the USK Information Desk in the main lobby level "0" will be available list of students enrolled in placement.

Please note that people who do not have valid medical examination will not be included on these lists!

Each student is obliged to get acquainted with the "**Procedure to be followed after occupational exposure to HIV, HBV, HCV infection**", which is obligatory at the University.

General initial training:

Students are required to undergo initial health and safety training (general instruction) conducted in the form of self-study.

Students will familiarize themselves with the training materials and instructions prior to the internship, which are posted on the notice of internship information and on the USK Students Training Materials and Instructions page:

http://www.usk.wroc.pl/index.php?option=com_content&view=article&id=2229&Itemid=28

Initial job training is conducted by the supervisor at the internship site on the day the internship begins in the position.

A student doing his/her student training at several workplaces should undergo training at each of these workplaces.

The training card provides documentation of the position training for four workplaces. In the case of one to two workplaces, there is no point in printing out the third page of the "Training Sheet".

If you have any questions concerning the organisation of a health and safety training course or the content of a training presentation, please contact us at the following telephone number: **885-852-321 - Health and Safety Department (Dział Bezpieczeństwa i Higieny Pracy – DBHP)**.

Location of DBHP: 2 Pasteur Street, building A7 (UM), F (USK), 1st floor, rooms 1.4, 1.14.
