

Syllabus, academic year 2017/2018														
Description of the course														
Course Name:		Practical Clinical Teaching – chosen specialty: Emergency Medicine					Group of detailed education results							
							Group code (E or F): F			Group name: Study of clinical procedures				
Faculty		Medicine												
Major		Medicine												
Specialties		not applicable												
Level of studies		X Uniform magister studies												
Form of studies		X full-time X part-time												
Year of studies:		VI					Semester:		X summer (april/may)					
Type of course		X obligatory												
Course		X major												
Language of instruction		<input type="checkbox"/> Polish X English <input type="checkbox"/> other												
* mark <input type="checkbox"/> with an X														
Number of hours														
Form of education														
Unit teaching the course:	Lectures (L)	Seminars (SE)	Auditorium Classes (AC)	Major classes - not clinical (MC)	Clinical Classes (CC)	Laboratory Classes (LC)	Classes in Simulated Conditions (CSC)	Practical Classes with Patient (PCP)	Specialist Classes – master studies (SCM)	Foreign language Course (FLC)	Physical Education obligatory (PE)	Vocational Practice (VP)	Self-Study (Student's own work) (SS)	E-learning (EL)
Winter semester:														
Not applicable														
Winter semester:														
Department and Clinic of Emergency Medicine					60									
Department of Medical Emergency					30									
Suma					90									
Summer semester														
Department and Clinic of Emergency Medicine					60									
Department of Medical Emergency					30									
Suma					90									
Total per year:														
					180									
Educational objectives: (max. 6 items)														
C1. Teach student show to manage patients with acute internal diseases														
C2. Teach students haow to manage patients with acute traumatic states														
C3.														
Education results matrix for course in relation to verification methods of the intended education result and the type of class :														
Number of course education result	Number of major education (E or F group)	Student who completes the course knows/ is able to Please enter from 5 to max. 7 education results – examples of verbs defining the education result in the scope of student's knowledge: uses, performs, resolves					Methods of verification of intended education results (forming and summarising)				Form of didactic class ** enter the abbreviation			
S 01	F.U2	Student is able to use basic surgical instruments					Practical skill exam				CC			

S 02	F. U11	Operates in accordance with the current algorithm of advanced life support;	Practical skill exam	CC
S 03	F. U3	Operates in accordance with aseptic and antiseptic rules	Practical skill exam	CC
S 04	F. U5	Performs peripheral venous catheterization	Practical skill exam	CC
S 05	F.U10	Operates in accordance with the current algorithm of advanced life support;	Practical skill exam	CC

** L - lecture; SE - seminar; AC - auditorium classes; MC - major classes (non-clinical); **CC - clinical classes**; LC - laboratory classes; SCM - specialist classes (master studies); CSC - classes in simulated conditions; FLC - foreign language course; PCP - practical classes with patient; PE - physical education (obligatory); VP - vocational practice; SS - self-study; EL - E-learning.

Please mark on scale 1-5 how the above effects place your classes in the following categories: communication of knowledge, skills or forming attitudes:

Skills:+++

Student's amount of work (balance of ECTS points):

Student's workload (class participation, activity, preparation, etc.)	Student Workload (h)
1. Contact hours:	180
2. Student's own work (self-study):	90
Total student's workload	270
ECTS points for course	13,0

Comments

Content of classes (please enter topic words of specific classes divided into their didactic form and remember how it is translated to intended educational effects))

Lectures – not applicable

Seminars – not applicable

Classes winter semester

1. Chest pain
2. Drug intoxication
3. Dyspnoea
4. Alcohol intoxication
5. Shock
6. Traumatic brain injury
7. Arrhythmias
8. Spinal cord injury
9. Atrial fibrillation
10. Head and neck injury
11. Abdominal diseases
12. Heart failure
13. Hypertension
14. Chest injury
15. Abdominal pain

Classes summer semester

16. Abdomen injury
17. Haemorrhagia
18. Pelvis fractures and urinary tract injuries
19. Peripheral ischaemia
20. Limbs' injuries
21. Aortic dissection
22. Burns and bites
23. Coagulopathy
24. Fluids and electrolytes
25. Thyroid and paratharoid glands diseases
26. Wounds
27. Sepsis
28. Soft tissues' infection
29. Tetanus
30. Urinary tract diseases

Other - etc....	
Basic literature: (list according to importance, no more than 3 items) Not applicable	
Additional literature and other materials: (no more than 3 items) Not applicable	
Didactic resources requirements: (e.g. laboratory, multimedia projektor, other...) Not applicable	
Preliminary conditions: (minimum requirements to be met by the student before starting the course) Not applicable	
Conditions to receive credit for the course (specify the form and conditions of receiving credit for classes included in the module/course, admission terms to final theoretical or practical examination, its form and requirements to be met by the student to pass it and criteria for specific grades)	
Active participation in classes and test of practical skills	
Grade:	Criteria: (only for courses/module ending with an examination)
Very good (5,0)	Not applicable
Above good (4,5)	
Good (4,0)	
Sufficiently good (3,5)	
Sufficient (3,0)	

Name of unit teaching course:	Department and Clinic of Emergency Medicine
Address	Borowska 213 50-556 Wrocław
