

Educational objectives (max. 6 items)

- C1. Basics of dentistry and its specialties.
C2. Principles of the oral cavity anatomy and pathology.
C3. Basic skills in first aid in case of injuries of the face and facial fractures.

Education result matrix for module/course in relation to verification methods of the intended education result and the type of class

Number of course education result	Number of major education result	Student who completes the module/course knows/is able to	Methods of verification of intended education results (forming and summarising)	Form of didactic class <i>**enter the abbreviation</i>
W 01	E.W1 E.W7 E.W14 E.W26	<ul style="list-style-type: none"> knows basics of the oral anatomy and pathology lists and describes dental specialties knows basics of caries and periodontal diseases prevention knows basics of oral cancer prevention 	oral test of each topic with lecturer	MC
U 01	E.U1 E.U16 E.U20 E.U32	<ul style="list-style-type: none"> is able to direct patients to different dental specialists correctly uses the terminology in description of the symptoms of diseases of the oral cavity is familiar with first the aid algorithms in case of injuries of the face 	oral test of each topic with lecturer	MC
K 01	G.U29 G.U36 G.U39 G.U40 G.U30 G.W25	<ul style="list-style-type: none"> actively participates in clinical exercises cooperates in a group treats patients, hospital staff and colleagues with respect shows compassion and patience to the patient 	assessment of student behavior by lecturer	MC

****** L - lecture; SE - seminar; AC – auditorium classes; MC – major classes (non-clinical); CC – clinical classes; LC – laboratory classes; SCM – specialist classes (magister studies); CSC – classes in simulated conditions; FLC – foreign language course; PCP practical classes with patient; PE – physical education (obligatory); VP – vocational practice; SS – self-study, EL – E-learning .

Please mark on scale 1-5 how the above effects place your classes in the following categories:
communication of knowledge, skills or forming attitudes:

Knowledge: 2

Skills: 2

Social competences: 2

Student's amount of work (balance of ECTS points)	
Student's workload (class participation, activity, preparation, etc.)	Student Workload (h)
1. Contact hours:	15
2. Student's own work (self-study):	7,5
Total student's workload	22,5
ECTS points for module/course	1
Comments	
Content of classes (please enter topic words of specific classes divided into their didactic form and remember how it is translated to intended educational effects)	
Lectures n/a	
Seminars n/a	
Practical classes 1. Dentistry and its place in medicine. Maxillofacial surgery as a connection of medicine and dentistry. Disorders of the teeth, gingiva and oral mucosa. Inflammatory diseases of jaw bones and soft tissues of the face. Diseases of salivary glands. 2. Principles of management in cranio-maxillo-facial traumatology. First aid, surgical and conservative treatment in facial injuries and fractures. 3. Congenital and acquired malformations of the face skeleton, jaw bones and teeth. Epidemiology, prophylaxis and treatment. 4. Benign and malignant tumours of the face and neck. Epidemiology, prophylaxis and treatment. 5. Cysts of jaws bones. Maxillary sinus diseases. TMJ disorders. Management in pain of the face. X-ray diagnosis in dentistry and maxillofacial surgery	
Other n/a	
Basic literature (list according to importance, no more than 3 items) 1. Master Dentistry: Volume 1: Oral and Maxillofacial Surgery, Radiology, Pathology and Oral Medicine, 3rd Edition. P. Coulthard (ed.). Churchill Livingstone 2013 2. Master Dentistry: Volume 2: Restorative Dentistry, Paediatric Dentistry and Orthodontics, 3e 3rd Edition. P. Heasman (ed.). Churchill Livingstone 2013	
Additional literature and other materials (no more than 3 items) 1. Jatin Shah's Head and Neck Surgery and Oncology, 4th Edition. Jatin P. Shah et al. Mosby, 2012	
Didactic resources requirements: Laptop, multimedia projector, seminar room	
Preliminary conditions: none	
Conditions to receive credit for the course: attendance (according to the Study regulations), passing the oral test for each topic	

Grade:	Criteria (only for courses/modules ending with an examination)
Very Good (5.0)	n/a
Good Plus (4.5)	
Good (4.0)	
Satisfactory Plus (3.5)	
Satisfactory (3.0)	

Name and address of module/course teaching unit, contact: telephone and e-mail address

Department of Maxillofacial Surgery

University Hospital

Borowska str. 213, 50-556 Wrocław

tel. 71 733 36 00, e-mail : hanna.gerber@umed.wroc.pl

Coordinator / Person responsible for module/course, contact: telephone and e-mail address

Marcin Kubiak MD, DDS

mobile: 731 703 710, e-mail: marcin.kubiak@umed.wroc.pl, kubiak.mfs@gmail.com

List of persons conducting specific classes: full name, degree/scientific or professional title, discipline, performance of classes.
