

Syllabus for the academic year 2017/2018

Description of the course

Module/Course	Practice in the field of internal diseases in the Department of Internal Medicine.	Group of detailed education results	
		Group code: E	Group name: Non-surgical clinical sciences
Faculty	Medicine		
Major	Medicine		
Specialties	not applicable		
Level of studies	Uniform master degree studies X		
Form of studies	full-time X part-time X		
Year of studies:	III	Semester:	Summer x
Type of course:	obligatory X optional X		
Type of Course:	major x		
Language of instruction	English X		

Number of hours: 120

Form of education: professional practice

Unit teaching the course Clinic or internal diseases department providing 24-hour health services in the field of internal diseases.	Lectures (L)	Seminars (SE)	Auditorium classes (AC)	Major - non-clinical Classes (MC)	Clinical Classes (CC)	Laboratory Classes (LC)	Classes in Simulated Conditions (CSC)	Practical Classes with Patient (PCP)	Specialist Classes - master degree studies (SCM)	Foreign Language Course (FLC)	Physical Education - obligatory (PE)	Vocational Practice (VP)	Self-Study (Time of student's own work)	E-learning (EL)
Winter semester:														
Summer Semester													120	
Total per year:													120	

Educational objectives: (max. 6 items)

C1. practical improvement of professional skills acquired in the course of studying major subjects.

Education result matrix for module/course in relation to verification methods of the intended education results and type of class

Number of course education result	Number of education result from standards	Student who completes the module/course knows/is able to	Methods of verification of intended education results	Form of didactic class ** enter the abbreviation
-----------------------------------	---	--	---	---

U 01	E.U.1.	takes medical history from the adult patient;	Medical Practice Documentation.	Vocational Practice
U 02	E.U.3.	performs a full and targeted physical examination of an adult patient;	Opinion of the Placement Supervisor from the hospital.	Vocational Practice
U 03	E.U.7	evaluates the general condition, state of consciousness and awareness of the patient;	Medical Practice Documentation.	Vocational Practice
U 04	E.U.24, E.U 29	ability to interpret the results of laboratory tests and identify causes of deviations; ability to perform basic procedures and medical procedures.	Opinion of the Placement Supervisor from the hospital.	Vocational Practice
			Medical Practice Documentation.	Vocational Practice

Please mark on the scale 1-5 how the above education effects place your classes in the following categories: transfer of knowledge, transfer of skills: Knowledge (K): ++, Skills (S): +++

Student' s amount of work (balance of ECTS points)

Student's workload	Student Workload (h)
1. Hours of classes at the University:	120
2. Time of student's own work:	0
Total student's workload:	120
ECTS points for module/course:	4.0
Comments:
