

Syllabus for academic year: 2020/2021														
Training cycle:														
Description of the course														
Module/Course	D / BEHAVIORAL AND SOCIAL SCIENCES WITH ELEMENTS OF PROFESSIONALISM G / LEGAL AND ORGANIZATIONAL ASPECTS OF MEDICINE Law and ethics in Dentistry									Group of detailed education results				
										Group code	Group name			
Faculty	Faculty of Dentistry													
Major	Dentistry													
Unit realizing the subject	Department of humanistic Sciences in Medicine													
Specialties	Not applicable													
Level of studies	Uniform magister studies <input checked="" type="checkbox"/> * 1 st degree studies <input type="checkbox"/> 2 nd degree studies <input type="checkbox"/> 3 rd degree studies <input type="checkbox"/> postgraduate studies <input type="checkbox"/>													
Form of studies	<input checked="" type="checkbox"/> full-time <input type="checkbox"/> part-time													
Year of studies	II					Semester		<input type="checkbox"/> Winter <input checked="" type="checkbox"/> Summer						
Type of course	<input checked="" type="checkbox"/> obligatory <input type="checkbox"/> limited choice <input type="checkbox"/> free choice / elective													
Course	<input type="checkbox"/> major <input checked="" type="checkbox"/> basic													
Language of instruction	<input type="checkbox"/> Polish <input checked="" type="checkbox"/> English <input type="checkbox"/> other													
* mark <input type="checkbox"/> with an X														
Number of hours														
Form of education														
Unit teaching the course	Lectures (L)	Seminars (SE)	Auditorium classes (AC)	Major Classes – not clinical (MC)	Clinical Classes (CC)	Laboratory Classes (LC)	Classes in Simulated Conditions (CSC)	Practical Classes with Patient (PCP)	Specialist Classes – magister studies (SCM)	Foreign language Course (FLC)	Physical Education obligatory (PE)	Vocational Practice (VP)	Self-Study (Student's own work)	E-learning (EL)
Winter Semester														
Direct (contact) education														
Online learning (synchronous)														

Distance learning (asynchronous)															
Summer Semester															
Direct (contact) education															
Online learning (synchronous)		15													
Online learning (asynchronous)															
TOTAL per year:															
Direct (contact) education															
Online learning (synchronous)		15													
Online learning (asynchronous)															
Educational objectives (max. 6 items)															
C1. Providing students with fundamental knowledge about contemporary medical ethics, bioethics, and legal norms in dentistry.															
C2. Preparing students to apply ethical principles and legal norms in medical decision-making.															
C3. Providing students with knowledge about medical confidentiality, informed consent, patients' rights, and dignity essential for proper and respectful relationship with patients.															
C4. Providing students with knowledge about ethical and legal standards of scientific research.															
Education result matrix for module/course in relation to verification methods of the intended education result and the type of class															
Number of course education result	Number of major education result	Student who completes the module/course knows/is able to	Methods of verification of intended education results (forming and summarising)	Form of didactic class <i>**enter the abbreviation</i>											
W 01	D.W15.	Student explains the patient' rights.	Written test	SE											
W 02	D.W14.	Student describes the ethical imperatives and pattern of behavior of the dentist established by the medical council.	Presentation/essay, test.	SE											
W 03	G.W23.	Student knows the issues of medical error: diagnostic, technical, therapeutic, and organizational one.	Test, discussion.	SE											
W 04	G.W24.	Student knows the issues of liability, legal responsibility, and malpractice in medical context.	Test, discussion, observation of students.	SE											

W 05	G.W25.	Students knows the legal issues linked to the communication with a patient.	Case studies, discussion.	SE
W 06	D.W4.	Student knows the importance of verbal and non-verbal communication while interacting with a patient and the concept of confidentiality.	Presentation/essay, discussion, observation of students.	SE
U 01	GU.24.	Student complies with medical law.	Test.	SE
U 02	GU.25.	Student complies with medical ethics in dentistry.	Test, discussion.	SE
U 03	D.U4.	Builds the atmosphere of trust throughout the entire diagnostic and treatment process.	Presentation/essay.	SE
U 03	D.U11. D.U12.	Student complies with medical law, patients' rights, and professional ethics.	Discussion, observation of students.	SE
K 01		Student willingly participates and cooperates in a group.	Discussion, observation of students.	SE

** L - lecture; SE - seminar; AC – auditorium classes; MC – major classes (non-clinical); CC – clinical classes; LC – laboratory classes; SCM – specialist classes (magister studies); CSC – classes in simulated conditions; FLC – foreign language course; PCP practical classes with patient; PE – physical education (obligatory); VP – vocational practice; SS – self-study, EL – E-learning .

Please mark on scale 1-5 how the above effects place your classes in the following categories:
communication of knowledge, skills or forming attitudes:

Knowledge: 5

Skills: 2

Social competences: 2

Student's amount of work (balance of ECTS points)

Student's workload (class participation, activity, preparation, etc.)	Student Workload (h)
1. Contact hours:	
2. Online learning hours (e-learning):	15
3. Student's own work (self-study):	4
Total student's workload	19
ECTS points for module/course	2
Comments	

Content of classes (please enter topic words of specific classes divided into their didactic form and remember how it is

translated to intended educational effects)
