

Syllabus for academic year: 2021/2022													
Training cycle: 2018-2023													
Description of the course													
Course	Dermatology and venerology										Group of detailed education results		
											Group code E	Group name Clinical, non-interventional	
Faculty	Dentistry												
Major	Dentistry												
Level of studies	X uniform magister studies												
Form of studies	X full-time x part-time												
Year of studies	IV						Semester:	X winter					
Type of course	X obligatory												
Language of study	X English												
Number of hours													
Form of education													
	Lectures (L)	Seminars (SE)	Auditorium classes (AC)	Major Classes – not clinical (MC)	Clinical Classes (CC)	Laboratory Classes (LC)	Classes in Simulated Conditions (CSC)	Practical Classes with Patient (PCP)	Foreign language Course (FLC)	Physical Education (PE)	Vocational Practice (VP)	Directed Self-Study (DSS)	E-learning (EL)
Winter semester:													
Dept. of Dermatology, Venerology and Allergology (Dep. in charge of the course)													
Direct (contact) education ¹					15								
Distance learning ²	10												
Direct (contact) education					15								
Distance learning	10												
Educational objectives (max. 6 items)													
C1. Knowledge of the anatomy and physiology of the skin and mucous membranes.													
C2. Knowledge of the pathogenesis, epidemiology, clinical picture, diagnosis and treatment of the most common infectious diseases of the skin and mucous membranes.													
C3. Knowledge of pathogenesis, epidemiology, clinical picture, diagnosis and treatment of allergic and autoimmune diseases with a special emphasis on symptoms affecting mucous membranes.													

¹ Education conducted with direct participation of university teachers or other academics

² Education with applied methods and techniques for distance learning

C4. Knowledge of the pathogenesis, epidemiology, clinical picture, diagnosis and treatment of the most common erythematous, papular-squamous and inflammatory skin and mucous membranes diseases.
C5. Knowledge of pathogenesis, epidemiology, clinical picture, diagnosis and treatment of sexually transmitted diseases.
C6. The ability to assess and describe pathological changes present on the skin and mucous membranes resulting from infectious, allergic, inflammatory, precancerous and neoplastic diseases.

Education result for course in relation to verification methods of the intended education result and the type of class:

Number of detailed education result	Student who completes the course knows/is able to	Methods of verification of intended education results	Form of didactic class <i>*enter the abbreviation</i>
E.W2	Knows and understands the basic methods of medical examination and the role of additional tests in the diagnosis, monitoring, prognosis and prevention of organ and systemic disorders, with particular emphasis on their impact on the tissues of the oral cavity	colloquium, oral answer,	L,CC
E.W20	Knows and understands cases in which the patient should be referred to the hospital	colloquium, oral answer,	L,CC
E.U1	Perform differential diagnosis of the most common diseases	colloquium, oral answer,	CC
E.U2	Assess and describe the somatic and mental state of the patient	colloquium, oral answer,	CC
E.U3	Plan diagnostic and therapeutic procedures for the most common diseases	colloquium, oral answer,	CC
E.U14	Can diagnose and treat skin diseases: infectious, allergic, sexually transmitted	colloquium, oral answer,	CC
E.U15	Can recognize neoplasms and precancerous conditions	colloquium, oral answer,	CC
E.U16	Can recognize dermatoses and collagenoses with symptoms in the area of the oral mucosa	colloquium, oral answer,	CC

* L- lecture; SE- seminar; AC- auditorium classes; MC- major classes (non-clinical); CC- clinical classes; LC- laboratory classes; CSC- classes in simulated conditions; PCP- practical classes with patient; FLC- foreign language course; PE- physical education; VP- vocational practice; DSS- directed self-study; EL- E-learning

Student's amount of work (balance of ECTS points):

Student's workload (class participation, activity, preparation, etc.)	Student Workload
1. Number of hours of direct contact:	15
2. Number of hours of distance learning:	10
3. Number of hours of student's own work:	25
4. Number of hours of directed self-study	
Total student's workload	50
ECTS points for course	2

Content of classes: (please enter topic words of specific classes divided into their didactic form and remember how it is translated to intended educational effects)

Lectures

1. Infectious diseases of oral cavity: bacterial, viral and fungal. Lichen planus.
2. Oral changes in the course of genetical disorders (pachyonychia congenita, dyskeratosis congenita, Papillon – Lefevre syndrome). Precancerous conditions. Malignant tumours.
3. Bullous diseases. Connective tissue disorders.
4. Aphthosis. Behcet's syndrome. The clinical problem of oral ulcerations. Psoriasis.

5. Allergic diseases. Tongue and lips conditions. Melkersson-Rosenthal syndrome.
Seminars: not applicable
<p>Classes</p> <p>1. Structure and functions of the skin. Skin lesions. Diagnosis of skin disorders. Infectious skin diseases: contagious impetigo, perleche (angular stomatitis), folliculitis of the vestibule of the nose, furunculosis of the face, sycosis, erysipelas, actinomycosis, tuberculosis. Candida infections.</p> <p>2. Viral skin infections: herpes simplex, herpes zoster, HPV infections. Aphthosis (Behcet's syndrome). Lichen planus.</p> <p>3. Erythema multiforme. Cheilitis. Melkersson-Rosenthal syndrome. Skin changes in AIDS.</p> <p>4. Bullous diseases: pemphigus, pemphigoid.. Tongue conditions.</p> <p>5. Connective tissue disorders: clinical and immunological features of lupus erythematosus and scleroderma. Psoriasis.</p> <p>6. Precancerous conditions of skin and mucous membranes. Malignant skin tumours. Basal cell carcinoma. Squamous cell carcinoma. Naevi. Melanoma.</p> <p>7. Allergic diseases. Mechanisms of allergic reactions. Drug eruptions. General treatment guidelines.</p> <p>8. Sexually transmitted diseases. Etiology and pathogenesis of syphilis. Microbiological and serological investigations. Clinical features with special emphasis on changes in oral cavity. Congenital syphilis. Treatment of syphilis. Gonorrhoea.</p>
Other
<p>Basic literature (list according to importance, no more than 3 items)</p> <p>1. Weller Richard, Hunter John, Savin John, Dahl Mark: Clinical Dermatology. Blackwell Publishing 2015.</p> <p>Additional literature and other materials (no more than 3 items)</p> <p>1. Lowell A. Goldsmith, Stephen I. Katz, Barbara A. Gilchrest, Amy S. Paller, David J. Leffell, Klaus Wolff. Fitzpatrick's Dermatology in General Medicine. Eighth edition. The McGraw-Hill Companies, Inc. 2012</p>
<p>Preliminary conditions: (minimum requirements to be met by the student before starting the course)</p> <p>Ability to take general medical history from the patient. Ability to perform the examination of oral cavity</p>
<p>Conditions to receive credit for the course: (specify the form and conditions of receiving credit for classes included in the course, admission terms to final theoretical or practical examination, its form and requirements to be met by the student to pass it and criteria for specific grades)</p> <p>attendance at the classes, the positive verification of classes on the basis of colloquium and/or oral response</p>

Grade:	Criteria for courses ending with a grade ³
Very Good (5.0)	is fluent in knowledge and skills that go far beyond the educational program, proposes interesting solutions to problems related to care, identifies with the principles of general and professional ethics
Good Above (4.5)	efficiently uses knowledge and skills that go far beyond the education program, independently solves professional problems in new situations, identifies with the principles of general and professional ethics
Good (4.0)	mastered the knowledge and skills allowing for solving professional problems in typical situations, observes the principles of general and professional ethics
Satisfactory Plus (3.5)	mastered the knowledge and skills at a level that does not exceed the minimum program requirements, solves tasks of medium difficulty, adapts to the rules of general and professional ethics
Satisfactory (3.0)	has not mastered the knowledge and skills included in the minimum program requirements, solves typical professional tasks with a low degree of difficulty, adapts to the rules of general and professional ethics, but does not take actions on his own initiative
	Criteria for courses ending with a credit³
Credit	

³ The verification must cover all education results, which are realized in all forms of classes within the course

Grade:	Criteria for exam ³
Very Good (5.0)	
Good Above (4.5)	
Good (4.0)	
Satisfactory Plus (3.5)	
Satisfactory (3.0)	

Department in charge of the course:	Department of Dermatology, Venerology and Allergology
Department address:	Chalubinskiego 1 str., 50-368 Wrocław
Telephone:	71 784-22-86, 71 784-22-87, 71 327-09-41
E-Mail:	dermwen@umed.wroc.pl

Person in charge for the course:	prof. dr hab. Jacek Szepietowski
Telephone:	71 7842286
E-Mail:	jacek.szepietowski@umed.wroc.pl

List of persons conducting specific classes:

Name and surname	Degree/scientific or professional title	Discipline	Performed profession	Form of classes
Jacek Szepietowski	Professor	Dermatology and venerology	doctor	CC
Wojciech Baran	professor	Dermatology and venerology	doctor	CC
Rafał Białynicki-Birula	MD, PhD, Associate professor	Dermatology and venerology	doctor	CC
Anita Hryniewicz-Gwóźdź	MD, PhD, Associate professor	Dermatology and venerology	doctor	CC
Alina Jankowska-Konsur	MD, PhD, Associate professor	Dermatology and venerology	doctor	CC
Łukasz Matusiak	professor	Dermatology and Venerology	doctor	CC
Aleksandra Batycka-Baran	MD, PhD, Associate professor	Dermatology and venerology	doctor	CC
Danuta Nowicka	MD, PhD, Associate professor	Dermatology and venerology	doctor	CC
Iwona Chlebicka	MD, PhD	Dermatology and venerology	doctor	CC
Edyta Lelonek	MD, PhD	Dermatology and venerology	doctor	CC
Małgorzata Ponikowska	MD, PhD	Dermatology and venerology	doctor	CC
Radomir Reszke	MD, PhD	Dermatology and venerology	doctor	CC
Ewa Wójcik	MD	Dermatology and venerology	doctor	CC
Katarzyna Włodarek	MD, PhD	Dermatology and venerology	doctor	CC
Agnieszka Otlewska	MD	Dermatology and venerology	doctor	CC

Marta Bałaj-Oleszczuk	MD	Dermatology and venerology	doctor	CC
Aleksandra Stefaniak	MD	Dermatology and venerology	doctor	CC
Beata Jastrząb	MD	Dermatology and venerology	doctor	CC
Karolina Świerczyńska	MD	Dermatology and venerology	doctor	CC
Piotr Krajewski	MD	Dermatology and venerology	doctor	CC
